[1] Credit features require setup, identity verification and sufficient credit history by TransUnion and/or Equifax. Credit monitoring features may take several days to activate after enrollment.

[2] The credit scores provided are VantageScore 3.0 credit scores based on data from Equifax, Experian and TransUnion respectively. Third parties use many different types of credit scores and are likely to use a different type of credit score to assess your creditworthiness.

[3] We do not monitor all transactions at all businesses.

[4] Locking your credit file won't stop all companies from pulling your credit file. The credit lock on your TransUnion file will be unlocked if your subscription is downgraded or cancelled.

[5] Reimbursement and Expense Compensation, each with limits of up to $1 million for Benefit Essential, Premier, and Premier Plus, and up to $50,000 for LifeLock Benefit Junior ($25,000 reimbursement coverage and $25,000 fraudulent withdrawals). All plans include up to $1 million in coverage for lawyers and experts. Cyber Crime Insurance, if applicable, covers up to $50,000 for covered expenses per Plan. All benefits are issued and covered by third party partners. Policy terms, conditions, and exclusions at: gendigital.com/legal.

[6] Subject to eligibility requirements defined in Terms & Conditions. Norton reserves the right to change and/or cease services at any time.

[7] Does not include monitoring of chats or direct messages.

[8] Norton AntiTrack is only available on iOS 15.2 or later, Mac OS X 11.0 or later, Android and Windows 10/11 (excluding Windows in S mode and Windows running on ARM Processor).

[9] Cyber Bullying Coverage is not available to residents in New York.

[10] Parents can monitor and manage their children's activities from a web browser on any device. Parental Control features can only be installed on Windows™ PC, iOS, and Android™ devices. Not all features are available on all platforms. For additional details, see https://us.norton.com/feature/parental-control.
