# Life & Legacy

Protect your children and pets, safeguard your assets, and make decisions easier for your loved ones, so when life changes, your family is prepared.

Homethrive's **Life & Legacy** simplifies estate planning with a guided, step-by-step interview tailored to your state, helping you create essential documents and understand what's needed to make them effective.

## Create. Print. Sign. And feel more secure about the future.

### Last Will & Testament

Ensure your wishes are clear and carried out. No guesswork for your family, just a sound roadmap.

- Name guardians for your children
- Distribute your property and assets

### Advanced Directive

Share how you want personal medical decisions to be handled. Support and guide your loved ones during difficult and emotional times.

- Outline your specific preferences for medical treatment
- Designate proxies to handle healthcare decisions if you are ever unable to do so yourself

### Power of Attorney

Appoint your most trusted advocate(s) to make decisions on your behalf.

- Designate proxies to handle financial decisions if you are ever unable to do so yourself
- Keep your life running smoothly (bills paid, care managed) without interruption

### Organization Workbook

Avoid a family scavenger hunt through endless papers and accounts. Our digital organizer helps you  ask the right questions, and make important decisions.

- Inventory assets, digital accounts, and vital records
- Document final wishes and legacy instructions
